## Unbeatable LPG

There's no doubt that LPG is versatile, safe, reliable and cheaper than electricity, but if you need any more convincing, your Mitre 10 and CRT Wauchope offers highly competitive prices per bottle, \$35 per annum rental plans and service that is second to none. Now we've hit the colder months, it's time to seriously consider the benefits of LPG for home, business and agricultural applications.

The most obvious benefits include: cost, reduced environmental footprint, greater control when cooking, portability and versatility. Mitre 10 and CRT Wauchope is an agent for Elgas and delivers regularly across the region. To discuss your needs and learn about our competitive prices phone 6585 1655.

## Gas delivery times

**Every day** - Within Wauchope.

**Tuesdays** - Rollands Plains, Telegraph Point and Gum Scrub

**Wednesdays** - Laurieton, Kew, Kendall, Lorne, Johns River and Lake Innes.

**Thursdays** - Port Macquarie.

**Fridays** - Pembroke, Bellangry, Pembroke, Beechwood and Pappinbarra.

## Calling all green thumbs

If you ask Jed Pead, Seasol Powerfeed is a must in every garden shed. The Powerfeed dynamic fertiliser and soil conditioner works wonders on both struggling and healthy plants. "If you give your plants a good feed now, when we come out of winter everything will flourish," Jed said. "I can highly recommend the Powerfeed and we have happy customers returning all the time to tell us how much they love it too."

## ‘Great to see you’

Thank you to everyone who dropped in to say hi to David and Sonny at the Wauchope Show last month. It was great to hear your thoughts about our farm supplies products and chat about your needs, either on the farm or around the house. We look forward to doing it all again next year.

## There’s nothing like home-grown

If you like to grow your own veggies, come and have a look at our range of seedlings (\$3.79 each), which are delivered fresh every Wednesday.

This month’s favourites include: cauliflower, Brussel sprouts, spring onion, Chinese cabbage and snow peas.

We also have a good range of potted herbs for just \$3.99.

We’re open seven days a week, including 8am to 2pm every Saturday and Sunday.

## Get your citrus trees planted

Mark Platts re-stocking the avocado trees display.

Now is the ideal time to plant citrus and avocado trees.

As well as a good supply of healthy avocado trees (\$39.95 each), we currently have lemonade, kaffir lime, Tahitian lime, orange and mandarin trees in stock for \$25.95.

If you plant now, your new trees will take off in spring, helping to fill the fruit bowl even quicker.

## New-age fertilisers

One of our most popular fertilisers is the Dinofert range, which is a premium quality slow release fertiliser for home garden, agriculture and horticulture markets.

The organic fertiliser in particular is a world class innovation as it provides a complete buffet of all the essential nutrients for healthy plant life, minus the irritating smell.

Standard pellets are \$9.99, while the organic complete is \$14.99.
